

BlackBerry® Bold

The BlackBerry Bold is a premium QWERTY smartphone combining high performance, sleek design and speed.

Designed for...

Business users who want a premium device with a powerful processor, large memory, a crystal clear screen, strong media capabilities, inbuilt GPS, push email and great internet browsing.

A bit more detail

- Enhanced roaming capabilities – supports 3G UMTS & HSDPA networks (including Japanese networks) and quad-band GPRS & EDGE capabilities¹
- Push email – giving you real time access to your Inbox, Calendar, Contacts and Tasks and well as the ability to view attachments easily²
- Do more, faster – take advantage of the speeds available on our HSDPA network with a 624-MHz processor
- More memory with a 1GB SD card
- Color and clarity come to life with bright half VGA screen
- Easy browsing with a full screen, PC-like, HTML experience
- Light sensing screen – optimises LCD lighting levels automatically for ideal indoor and outdoor viewing
- Dedicated Send, End and Mute keys so that managing calls is easy
- With built-in GPS capabilities, and BlackBerry® Maps, you get turn-by-turn directions, so you can pinpoint where you are right now and where you need to be
- Capture and share the moment with a 2 MP camera and video recording

A few great reasons to have the BlackBerry Bold smartphone

- It's the first HSDPA BlackBerry offering even faster data speeds
- All-in-one device for push email, browsing, applications and voice
- Multitask and prioritize with access to your voice and data services at the same time
- Sleek design with full QWERTY keyboard for easy typing
- A range of features for both business and pleasure use
- Bluetooth enabled – car kit profile as well as hands-free and headset
- Use the BlackBerry Bold abroad (including Japan).

¹Subject to network coverage. ²Subject to your company's IT infrastructure, permissions and policies.

The BlackBerry Bold smartphone is available with both our BlackBerry® Enterprise Solution and our BlackBerry® Internet Solution.

BlackBerry Enterprise Solution

Get secure and easy access to your business email, calendar, tasks, contacts, company data, Intranet and the Internet. The 'always connected'¹ device that integrates with your existing systems via the BlackBerry Enterprise Server.

BlackBerry Internet Solution

Integrate up to 10 email accounts directly with your BlackBerry device. Get access to your Internet Service Provider (ISP) emails, and other supported email accounts – email accounts that allow email forwarding and company Microsoft® Exchange or Lotus® Domino® email accounts that allow access via a web browser.
