

With the new Nokia E71 you'll never miss a beat whether you're in the office or on the road. The E71 has the design elements of a consumer phone but incorporates a feature set which means business. Encased in the E71's 10mm slim design is HSDPA mobile broadband, Symbian™ operating software which allows for push e-mail; and WiFi connectivity so you can access the internet wirelessly through any Hotspot, for free.

The E71 also has a full QWERTY keyboard to facilitate sending those urgent e-mails and A-GPS to get you to those urgent meetings

- Symbian™ OS
- A-GPS built in
- WiFi connectivity
